The lawn is still in great shape despite the rain so when you see a flash of sun come on out for Croquet or Bowls. There are still plenty of things to do inside and none of the activities are crowded. I have not seen more than 18 members in the building at any one time. We are also open to new ideas of things to do in the building there are plenty of time slots open for us to take advantage of. **TUES. Nov 16 Weather SUNNY Ladies Thursday RAIN why not come out 1pm Tuesday there is plenty of rink space for bowling.** Try out the bowling arms!

Check the schedules below to ensure you have the right times for each activity you wish to attend. To be inside you still must sign-in, clean your hands, wear a mask (except if eating or drinking) and be fully vaccinated. For outside play you must and be fully vaccinated, sign in and wear a mask to enter the building.

The indoor limit is 50 in the building although we do not expect to be close to that number for our activities. This year we have two new activities to try out Euchre (Friday's) and Tile Rummy (Wednesday's) the conveners' are happy to teach the game which are fairly easy to learn and fun to play

**The Bowling Arms from Australia have arrived and are available for all to try out they are located in the bowling equipment shed on the wall near the door.**
